Coroner's Inquest.

Dr. W. R. Purvis, Coroner, was engaged this afternoon in ascertaining the cause in connection with the killing yesterday of James Richardson, colored, near Spring Park. The jury was composed of the following: Messrs. J. Lowenbach, Richard Gibson, John H. Trimmer, C. J. W. Summers, E. Warfield, Jr., and R. E. Knight. Four bullets entered Richardson's body. Balls were found in the right leg and right arm, another penetrated the left side near the hip and ploughed its way through the intestines, and another entered the left side at a point about an inch below the heart. The latter was the direct cause of Richardson's death.

The jury, after hearing the evidence, retired and returned the following verdict: "We the jury, find that the said James Richardson, deceased, came to his death by gunshot wounds of the abdomen and left lung, said shots having been fired by Alexandria policemen while in the discharge of their duty; and we further find that the said shooting was justifiable, and the coroner's jury discharges the said officers."

Case Continued.

Charles Twyner, colored, who was arrested yesterday by Officer Lyles charged with being one of the three negroes who on last Sunday afternoon held up and robbed Ed. Jones, colored, near Spring Park, was arraigned in the Police Court this morning. Jones said he recognized Twyner from the fact that he wore spring-heel shoes, but said a colored man who was with him at the time could corroborate his charge. The witness lives in this city and will be summoned to appear tomorrow morning to which time the investigation was adjourned. Jones said that when the three negroes accosted him one of them placed a pistol in his face and after taking \$7.32 and a knife from him compelled him to take off his shoes and stockings and gave him two minutes' time to leave the neighborhood.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

Charles Twyner, colored, arrested by Officer Lyles charged with highway robbery, had his case continued.

Butcher Russell, colored, charged with escaping from jail, had 30 days added to his sentence.

A saloon-keeper, arrested by Officer Beach charged with opening his saloon on Sunday, had his case continued.

Arthur Richardson, colored, charged with carrying concealed weapons, was fined \$100.

Richard Pines, colored, arrested by Officers Nicholson and Bettis charged with trespass, was held for the action of the Alexandria county authorities.

Fined One Hundred Dollars.

Arthur Richardson, colored, who was arrested yesterday near Spring Park for carrying concealed weapons, was brought into the dock of the Police Court this morning. A pistol nearly a foot long had been taken from him. Richardson said he purchased the weapon in Washington for \$11 and procured it for the purpose of defending himself, as he had heard of numerous robberies in the neighborhood in which he worked. Justice Caton said he would give him the maximum penalty, and fined him \$100. Upon failure to pay the assessment he will serve several months in jail.

Found Dead.

Kate Hughes, alias Murray, a well-known colored woman, was found dead in bed at her home, No. 815 Wilkes street, this morning. The deceased lived alone and had not been seen by her neighbors for several days. The body was in a condition to warrant the supposition that the woman had died last Friday night. The finding of the body gave rise to a report that the woman was the victim of foul play, but there is every reason to believe that her death was due to natural causes.

W. C. T. U.

The W. C. T. U. of Easton, Md., observed World's Temperance Sunday by a grand union mass meeting. Six Sunday schools were represented and an attractive programme of music was rendered. Mrs. A. C. Weech delivered the address, an illustrated talk on "Which Shall It Be?" At night Mrs. Weech spoke to a large audience in the M. E. Church, presenting the temperance question in a unique and striking manner, speaking from the subject—Christ before Pilate.

Funeral.

The funeral of the late Mrs. Lenora I. Lambert took place from the residence, No. 314 Duke street, at ten o'clock this morning, and was attended by a number of relatives and friends of the family. The services were conducted by Rev. P. P. Phillips, and the interment was in the family lot in Union cemetery. The pallbearers were Messrs. John P. Robinson, Worth Hultish, G. B. Carlin, Alonzo Houck, Edgar Warfield, Jr., and Park Agnew.

The Electric Railway.

The work of making the big fill across the marsh at Alexander Island, on the Virginia side of the Potomac, to the new Highway bridge has been started by McMillan & McDermott, the contractors for the Washington, Alexandria and Mt. Vernon Railway. The tracks to be built on the new embankment will be doubled and will, it is expected, be ready for use early in the coming spring.

Will Probated.

The will of the late Mrs. Mary J. Hantzmon was admitted to probate today and W. L. Arnold and Jas. B. Arnold qualified as executors. After making some minor bequests, the deceased left her house, No. 220 north Patrick street, to W. L. Arnold; house No. 222 north Patrick street to J. B. Arnold and house No. 514 Third street, Washington, to W. L. and J. B. Arnold.

Dr. and Mrs. Hugh McGuire are the guests of Mrs. Hunter McGuire in Richmond for a few days.

Mrs. Joseph Carr, of Newport News, announces the engagement of her daughter, Miss Eleanor Harrison Carr, to Mr. Gardner L. Boothe, of this city. The marriage will take place in Washington February 1.

Maj. and Mrs. J. W. Green have returned from North Carolina, where they spent the past summer and fall.

A Wizard from the Orient.

A Chinese conjurer named Ching Ling Foo came to New York recently and caused quite a sensation. The papers gave him lots of space and the public talked about him. What he did passed the bounds of the knowledge of other magicians and scientists haven't got any theory so far concerning how his tricks were accomplished. Mildred and Rouclere went to see him several times and got onto his tricks so cleverly that they were able to very shortly duplicate his deceptions and will present two or three of them here, or any special ones that are requested by the audience. It is the policy of the management of Mildred and Rouclere to present nothing but what is new and their own and aside from the duplication of some of Ching Ling Foo's magic, this policy will closely be adhered to on their engagement here. A very strong company of vaudeville artists also appears in their respective specialties. The indications are rather strong that these royal illusionists will draw the biggest audience of the season on next Thursday.

Corporation Court.

[Judge L. C. Bailey presiding.] The will of Mrs. Mary J. Hantzmon was admitted to probate.

W. W. Cline tendered his resignation as constable for the Second ward, which was accepted.

Julius Pelton and W. A. Moore recently elected justices of the peace for the First and Second wards, respectively qualified as such.

They will be assisted by Thornton Lucas, Wm. Bryant and others and every effort will be made to render the entertainment enjoyable to all who may attend.

Woman's Auxiliary.

There will be a called meeting of the Woman's Auxiliary to R. E. Lee Camp tomorrow Wednesday evening 8 o'clock. The object of the call is to perfect plans for the oyster supper to be held in Lee Camp Hall, on the 6th and 7th of December. It is hoped that the members of the Auxiliary will respond to this call as there is urgent need for all members to be present.

Cadets Dismissed.

The situation at the Virginia Military Institute was relieved yesterday by the dismissal of nine cadets who willfully absented themselves from inspection Saturday afternoon. The nine were of the "oath-bound 13" who had pledged themselves not to apologize or in any way make amends for insubordinate conduct on November 2. One member of the 13, Perry S. Grant, of Richmond, apologized Saturday, and his stepfather, Dr. Charles V. Carrington, of Richmond, requested the young man's withdrawal from the school, which request was complied with.

It is said the act of absenting themselves from inspection Saturday was at the suggestion of Dr. Carrington, who advised the offending cadets to this course, in order to force their dismissal from the institute. All the members of the third class, with the exception of this small number, had complied with the requirements of the board of visitors, who demanded an expression of regret for insubordination. The 13, on account of the peculiar nature of their pledge, felt that they could not honorably recede from their position, and they at once accepted the suggestion to violate an important regulation in order to force their dismissal, that they might save their classmates.

The names of the dismissed boys are W. M. Bailey, Gainesville, Texas; Brevard, Charlotte, N. C.; W. H. Cottam, New Orleans; Marcellus Green, Jackson, Miss.; G. S. Johns, Austin, Texas; A. T. Riddicks, Jr., Suffolk, Va.; J. Robertson, Charlotte, N. C.; W. C. Smith, Wheeling, W. Va.; W. H. Virden, Jackson, Miss.

It is believed that the dismissal of these offenders will settle the question of insubordination, which for weeks has agitated the institute.

Girl Travels Miles to Meet Her Wooer.

George Goode, of Albemarle county, recently determined that it was not good for man to live alone. He communicated his decision to relatives in Indiana, requesting that they interest themselves in his behalf and pick out a suitable help-mate for him. They hit upon Emma Steinback as a suitable girl for the future Mrs. Goode. She immediately posted off to Virginia, where, domiciled at the home of a mutual friend, she was offered the opportunity of becoming acquainted with her future lord and master. The gallant swain pressed his wooing with much determination. The wedding was celebrated with pomp and ceremony at Scottsville a few days ago, the entire population turning out to do justice to the occasion.

Fine COFFEES Granulated or Polverized by new electric mill at J. C. MILBURN'S

To the Members of Council, Citizens and Tax Payers of Alexandria:

An ordinance will be reported to Council tonight granting an electric light franchise for Alexandria for 30 years to W. T. Barstow, of New York City, which, if passed, is not the most advantageous bid for Alexandria, because the city pays \$75, instead of \$65, or \$850 per year more for 35 arc lights than our bid, or \$25,500 in 30 years.

If the number of arcs is doubled \$1,700 excess per year or \$51,000 in 30 years. Because the city gets 5 per cent only of gross receipts, exclusive of arc lighting in lieu of taxes, and 10 per cent under our bid.

Because our bid is cheaper for electric current to consumers. We both agree to give 24 hours service. We propose to purchase current from the Potomac Electric Power Co., in Washington, thus insuring absolutely constant, full and efficient service at minimum cost to city and consumers.

Mr. Barstow is required in the ordinance to build a plant in Alexandria, but not to "construct, operate and maintain it for 30 years," nor is there any restriction as to cost and size of plant.

He can, if he wishes, erect an inexpensive plant, abandon it later and purchase current if he so desires, and he probably will if cheaper to do so, than operate a plant. We understand the objection by the committee to our bid was, we would not agree to "construct, operate and maintain a plant in Alexandria for 30 years," and yet this is not made a condition of the proposed grant to Mr. Barstow.

The question for Council to decide for the citizens and taxpayers they represent, is whether they vote to award the franchise to Mr. Barstow at a largely increased price for city arcs and current to consumers over our bid, because he agrees to build a power house in Alexandria, or even to operate and maintain it for 30 years, and for which the city does not derive one cent of taxes or revenue in 30 years.

Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her."
